Every child matters

## DECEMBER NEWSLETTER - Manager's Reflections

The first half term flew by in the blink of an eye, and as we start Christmas season, I want us to focus on communication. We have spent so long being contained within our homes with limited interactions with others; this is not something natural for us as humans.

Communication is a key skill to success and is one of our school focus areas. Staff received training about effective communication in one of our INSETs, which was very useful.

My focus is ensuring that all lessons have the key ingredients to be a 'Good' lesson. Please enjoy the festive and stay safe and blessed.

Here are some of the areas I am looking at within lessons this term:

- Pre-lesson starters mini task
- Celebration of a learning objective
- Clear understanding of the success criteria
- Mini tasks that are engaging and fun
- Practitioner talk is at a minimum and more listening to children
- Good discussion and group work and encouragement

I would like to introduce the "PARENT TEACHER ASSOCIATION".
